Dear

**RE: INVITATION TO THE ANIMAL PRODUCTION SOCIETY OF KENYA (APSK) ANNUAL SCIENTIFIC SYMPOSIUM FOR THE YEAR 2022**

I am writing to inform and invite you to the upcoming Animal Production Society of Kenya (APSK) 2022 Scientific Symposium and Exhibition. This meeting will be held in October 25-28, 2022 at the **Bamburi Beach Hotel, Mombasa** and the theme is **“Sustainable Food Systems Transformation Agenda: Making Climate Smart Livestock Production Real”**.

The various exciting presentations and panel discussions lined up are expected to provide unmatched opportunities for interaction and networking. Specifically, the symposium will provide a platform for stakeholders to share their work and help shape the emerging national agenda on a wide range of livestock development and transformation issues. The timing and subject are critical, coming at a time when Kenya seeks to balance overall economic growth with the challenges of feeding a growing population.

We regret that funding for travel and other related expenses is the responsibility of the symposium participants. Additionally, a symposium registration fees of **KES 24,000** is required to participate in the scientific meeting.

We look forward to seeing you in Mombasa.

Yours faithfully,

**Samuel M. Mbuku, PhD**  
**CHAIRMAN, APSK**
